BURNBRIDGE

SERVICES LTD WASTE WATER TREATMENT SOLUTIONS

WE OFFER
Many services...

DESIGN

Burnbridge will survey your site and design the best equipment to meet your requirements.

INSTALLATION

Burnbridge have experienced Installation teams who will manage your new installation from start to finish.

SERVICE & MAINTENANCE

Burnbridge have teams of friendly and highly experienced British Water trained service engineers who will ensure your system is looked after and maintained to its optimum design criteria which will ensure years of service and longevity.

CUSTOMER CARE

At Burnbridge we are proud of our bespoke aftersales service. We have a team of service & project managers who will look after your expectations from day one. We even offer a 24 hour call out service to give you that extra peace of mind and reassurance.

SPARE PARTS / PRODUCTS

Burnbridge Services Ltd are busy working on our online web shop which we plan to open this year. In the meantime, you can order & purchase most parts & equipment associated with the efficient operating of your Sewage Treatment Plant or Pump Station. Burnbridge Services Ltd hold vast amounts of stock items and consumables which can be dispatched within 24 hours of most orders. To order any parts or equipment then contact

services@burnbridgeservices.com

Thank you for taking the time to read our welcome letter and we look forward to assisting and working with you in the future... Yours Sincerely, *Richard Crook* (Managing Director)

MANUFACTURE

Burnbridge will choose the right system for your requirements and Manufacture the application to meet your site needs.

COMMISSIONING

Our designated commissioning team will set up your new system and provide all documentation to ensure your system has been installed and working correctly

REFURBISHMENT

Burnbridge offer a new service of out with the old -in with the new service where we retain the existing STP tank carcass and replace all the internal components with new. This is cost effective and causes minimal disruption. Or we can refurbish your aging plant no matter how large or small.
